FINANCIAL AND COMMERCIAL.

WEDNESDAY, June 9-6 P. M. The day has been a most excited one in the stock narket, under a continuation of the "bear" move market, under a continuation of the beat ment and a general depression in prices, which at one time was so sharp as to excite apprehensions of a panic. The earliest transactions were not of a character to create suspicion. The first symptoms were those of strength and buoyancy—an appearsuce given the market to induce purchases by the emiside public, who were flattered by hopes that the bad been seen" and "the bottom had been uched." The depth of Wall street strategy is prond. The present retrograde movement in stocks ems to be the converse of that which carried everything on the list, despite the spring stringency in money, and led to the high prices pre ailing at the beginning of the present month. It as taken just six months for the culmination of the II" plan of operations. Are the present yielding nd reactions of the market the reverse process and the beginning of a grand "bear" movement, which is to carry stocks back to or beyond the figures from which they started last winter? The success of the operation, if such it be, seems to have been shrewdly based on the trouble in Mariposa, which again fell to-day about eighteen per cent. A few days ago it was quoted at 51. This afternoon it could have been ght at 14. The stock market is in a chaotic state, and as order once grew out of chaos order will eventually come out of the present confusion and demoralization. It was an unhealthy state of investments as Mariposa, and little consideration ald be felt for the four or five stockbroking firms who failed to-day through "carrying" or dealng in it. Even the trustee certificates, which were known to be the only tangible sign of property in the enterprise, dropped from 80 to 35. The demoralization which this exhibition of rottenness produced led to a general pressure to sell late in the afternoon, and the "bears" threw themselves into the market and kept up the hue and cry. Some idea may be gathered of the excitement which prevailed from the fact that New York central sold down to 186%, Northwestern io 874, Northwestern preferred to 99, Hudson River to 154%, Chio to 32%, Michigan Southern to 104%

Pittsburg was offered at 94%.

The strongest stocks in the general depression were aggravated by the sudden stringency of the money rket, the rate on call loans advancing to seven per cent, with a commission, and to one-eighth of one

per cent per day, which rates were paid for balances

until to-merrow. Of course there is no normal

state of the money market which accounts

for this increased activity. The advance In the interest rate and the tightness of the money

market are simply artificial and the result of locking up greenbacks by the cliques. The fact shows the

wonderful power which they possess, and reveals the secret of the success which it has been their boast has always attended their operations with or against the general community. The following were the closing prices on the call at the last session of the Stock Exchange:—Cum-berland, 33 bid; Wells-Fargo & Co.'s Express, 31 a 82; Adams, 59%; United States, 68% a 67; Merchants' Union, 141/4 a 151/4; Quicksilver, 15 a 16; Canton, 63% a 64; Mariposa,6% a 10; do. preferred, 15 a 16; Pacific Mail, 84% a 84%; Western Union Teleph, 41 bid; New York Central, 189% a 189%; Hudson River, 1581/4 a 1581/4; Harlem, 148 a 149; Reading, 981/4 a 98%; Chicago and Alton, 155 a 156; do. preferred, 154% bid; Alton and Terre Haute, 39%; do. preerred, 56 a 60 ; Wabash, 74%; do. preferred, 80 a 83; Miwaukee and St. Paul, 76% a 76%; do. preferred, 87% a 87%; Fort Wayne, 157%; Ohio and Mississippi, 83% a 33%; Michigan Central, 130% a 131; Michigan hern, 107% a 107%; Illinois Central, 143 bid; Pittsburg, 97% a 98; Lake Shore, 107%; Rock Island, 120% a 120%; Northwestern, 90%; do. preferred, 101% a 102; Boston Water Power, 16% bid: Hammbal and St. Joseph, 125 a 127; do. preferred, 122 123; New Jersey Central, 113% a 113%; Morris and Essex, 93; Columbus, Chicago and Indiana Central

pended to the list of stock sales. In the fluctuating and vibrating market it was difficult to fix quotatible to gather them in the excitement of the time. In addition to the faitures of stock houses referred to above it was reported that the paper of two ominent sugar houses had gone to protest, but the

Cause of their embarrassment was not explained.

Foreign exchange was frm on the basis of the following sterling quotations:—Good to prime bankers', sixty days, 109% a 109%; do. short sight,

The firmness of foreign exchange led to an advance to 139% in gold, which was the opening and highest price of the day. When it subsequently drooped to 138% it was run back to the opening figure by large purchases, and the movement was of without symptoms of "bear" manipulation, the subsequent decline to 138% verifying the suspicion 139 is too high, and the cliques are keeping if in the vicinity of that figure to sell freely against

Cash gold was in abundant supply, as high as 8 and a per cent and 1-32 being pass for carrying up to Clearing Bones time, and 7 and 9 per cent in the afternoon. These rates are somewhat curious in the face of the activity in money to-day, and exhibit the dique strategy of inducing purchases. The dis-bursements in coin interest to-day were \$51,367. The Henry Chauncey, from Aspinwall, brought \$75,000, and the Manhattan, for Liverpool, took out \$50,000 in specie. The operations of the Gold Ex-change Bank resulted as follows:—

The character of the cotton supply is a very curious one for investigation at this time. Statistics show that the increased manufacturing interests of the country have developed a home demand which can hardly be supplied from the stocks now in warehouse at the various ports. According to Wright & Co.'s circular it may be necessary to reimport cotton to keep our mills going during the interval to

the new crop;—

The stock on hand has been considerably reduced this week, notwithstanding that nearly 8,000 bales have been added to the quantity at New Orleans upon actual count. The stock was taken there on the dist of May and found to be 82,127 bales, of which 25,000 were unsold yesterday, and consisted of 5,000 low middling and above, 15,000 below low middling and 5,000 of inferior and unmerchantable trash. The stock in New York was also taken on the 31st of May and found to be only 41,500, and this has since been further reduced by exports and the takings for home consumption. As soon as the vessels loading for Europe shall have cleared our available stock will be 50 much reduced that it seems almost a foregone conclusion our domestic consumers will have to draw a supply for their requirements, until the new crop is marketed, from Liverpool.

REAL ESTATE MATTERS.

There were no dealings in the salesrooms in this city yesterday, but Messrs. A. J. Bleecker, Son & Co. and A. D. Mellick, Jr., & Brother both held sales out of town, which were largely attended. That of the first-mentioned firm was held in Westchester county, in the immediate neighborhood of Scaredale, a sta tion on the Harlem Railroad. A special train-an unusual enterprise on this road—which left this city at a quarter past ten A. M., brought the visitors to the ground, where an ample lunch was furnished, which was discussed at fresco under the shadow of tall trees with evident good by a mixed assemblage of ladies and gentlemen. The charming variety of landundulating slopes and spreading table land, with the beautful Bronx mean tering musically through alternate leafy shades and scorched meadows, have been confessed, however the admiration may be excited

Elizabeth station, 600 feet from a beautiful park, and is surrounded by first class improvements. A very large party attended, mostly from this city, who were served upon their arrival with a bountiful collation, got up with a disregard of expense and attention to the many varieties of appetite to be served, which have of late distinguished the cuisine department at the sales of this firm. Many ladies accompanied their husbands and brothers upon the excursion, and made the ocsion a holiday, enjoying themselves in a hearty picnic way, while their male attendants engaged in competition to secure lots. The bidding was animated and spirited, and the prices quite up to those of previous sales. The size of the lots is uniformly 50x150.

FOUND DROWNED .- The body of a boy was found floating in the Paterson dock yesterday. It was drawn out and identified as that of Bernard F. Kel-ley, who was drowned while bathing in the river at Weehawken last Saturday. Coroner Warren will beld an king.

THE MANIA FOR CHILD BEATING. -Another case of child beating, as grievous as any of those published during the past two weeks, came to light yea-terday. It is charged that Frederick Sciler beat and kicked a girl named Catharine Hughes, nine years of age, in a cruel and brutal manner, on Sunday night. Both parties reside on the Meadows. A war-rant was usued by Justice White for the arrest of Seiler.

THE CONSEQUENCES OF TROTTING ON THE street, was returning from Jerome Park on Tueslively along Third avenue, Lady Thornton running alongside. On nearing 110th street he perceived the track obstructed by a wagon, and in turning the animal to avoid it he was thrown out, falling heavily on the ground. His face was greatly cut and bruised, but this he did not regard much in view of his narrow escape from a sudden death.

A REMARKABLE CASE OF SUICIDE.—Among the

passengers on the ferryboat Morristown from New York on Tuesday evening was a man who demeaned York on Tuesday evening was a man who demeaned himself in an excited manner, walking up and down the cabin, and darting glances at several of the passencers. When the boat had reached the middle of the river he thrust his hand in his pocket, drew out a bundle of papers and presented to a lady in the cabin a card bearing the name "J. Smith, 136 Alien street, New York." He then made use of some remarks to the effect that she would now behold him for the last time. Before he had dhished his observations he rushed out, and, placing his hand on the guard rail, turned a complete somersant and plunged into the river. The boat passed over him, but was soon stopped. All efforts to recover the body proved unavailing.

MESTING OF THE ESSEX COUNTY BOARD OF FREE-HOLDERS.—An adjourned meeting of the Essex county Board of Chosen Freeholders was held at the Court House in this city yesterday. By a commu court House in this city yesterday. By a communication from the Hudson county Board the attention of the Board was called to the alleged encroachments on the rights of riparian owners along the Passaic river by the Cutzens' Gastight Company and the Paterson and Newark Railroad Company, The committee on high bridge at Ridgewood. Bloomfield, submitted a report from Mr. C. Deladield, Civil Engineer, which set forth that the bridge was very defective; that part of it had already failen, and the rest was very dangerous; also a report that the counsel of the Board considered the contractor liable for damages and cost of rebuilding a bridge. The committee submitted a resolution that a committee be appointed, with power to rebuild the bridge upon any plan which they might agree upon. Considerable discussion on the subject followed as to what course should be pursued regarding the rebuilding of the bridge. There appeared to be no abulity on the part of the Board to obtain any satisfaction from the contractor, and a motion prevailed to rebuild it at the expense of the country. A committee of five was appointed to take charge of the matter. A motion reacting to the layme out of Montciair avenue, at a cost of \$90,000, was laid on the proving of the Supreme Court Chamber, at a cost of \$13,000, was approved of. After the routine business had been disposed of Charles Spencer, counsel for P. Malone, addressed the Board, representing that during Mr. Malone's illness suit had been commenced against him for the discontinuance of his lime-burning establishment, in Little Twelfth street, and voluminous evidence

discontinuance of his lime-burning establishment, in Little Tweifth street, and voluminous evidence having been taken before the referee, he asked that the suit be discontinued, which was so ordered, Mr. Malone paying costs.

The Board at its last session having ordered proceedings to be instituted against Mr. Whiting, contractor for cleaning the streets, to compel him to remove certain debris on Thompson street, that genteman was heard in his own behalf. He stated that in April, before these proceedings were commenced, his business had passed from his hands into those of a Mr. Brown. While he was the contractor he had always cleaned the streets once per week, hald in some cases, as a sanitary measure, had cleaned them three times per week, while the contract only made him liable for weekly cleanings. He had now retired upon his honors and laid up treasures where moths and dust could not corrupt, which was not the case with many New York public men.

The counsel of the Board reported that the Chief Engineer had represented that on Thompson street there were three stratifications of filth—one of dead dogs, another of dead cats and the third of garbage collected there from the kitchens of live negroes—and the contractor for cleaning the streets was responsible for some of the collections. A lengthy discussion followed, and it was finally resolved to call upon the Engineer to make a report showing what proportion of the expense of cleaning the street named should be borne by Mr. Whitney, the Seventh Avenue Railroad and the present contractor, Mr. Brown.

Dr. Stilles, assistant Superintendent, having reported against the granting of permits for certain firms in Brooklyn to convey slops through the street and in favor of a monopolizing firm in Jamatca, the various interests were heard through counsel, but dinal action was deferred.

The following unique letter was forwarded by the Superintendent of Police and place-i on the as a curlosity—

Sira—Is there No protection for the people of this city
Mayor Hall wont protect them. Neither will the Board of
Health, with the Police Commissioners at its head. Who
then will. Now Sir its not only two bad but it is outrages
to think that in the 10 Ward with parts of the 12-11 and 17
there are at this moment no less than 50,000 Dogs memuseled
walking the streets unmolested, to the great terror of the
people. There is no use in saying this Counsel or that Counsel is at fault, its truckling to the German vote is doing all
away then with Nonessas Uakey Hall and Bosworth are the
guilty partice we live in Barberous times.

THE SUPPOSED MALPRACTICE CASE. Arrest of a Midwife-Denying Her Identity.

Mrs. Eckert, alias Mrs. Burns, the midwife living at No. 116 Clinton street, who is suspected of per-forming an abortion on Mrs. Theresa Brust, late of forming an abortion on airs. Theresa bruss, tate of No. 73 Eldridge street, and thus producing death, as already reported in the Herallo, was arrested on Tuesday evening by detective Healy, attached to the Coroners' office. On going to the prisoner's the Coroners' office. On going to the prisoner's house the officer inquired for Mrs. Eckert and was told that no woman by that name had lived there for at least nineteen years. Returning to the late residence of deceased the officer met a person acquainted with Mrs. Eckert, who volunteered to go and point her out. The house of the suspected woman was again visited, and on being confronted with the mistress thereof the officer discovered that a trick land been played upon him with the view of shielding the midwife from arrest. Mrs. Eckert was likeautified as the woman for whom he held a warrant, and immediately taken into custody. Denying that she was Mrs. Eckert, the prisoner then for fire first time said her name was Mrs. Burns, On Coroner Keenan's commitment Mrs. Eckert, alias Mrs. Burns, was locked up in the Tombs to await the result of the inquisition over the remains of Mrs. Brust. The accused, who seems to have a thorough knowledge of the world, understands her own rights in the premises and has engaged counsel to defend her.
